**(e) Potential products of imports from India**

S.No.	Commodity (2-digit HS tariff line)	Rationale (Max. 200 words)
1.	02 – Meat and edible meat offal	<p>These are the items in top 25 products that UK imports from the world but not in top 25 bilateral trade with India</p> <p>Therefore, it is proposed to target these products for increasing India's export to the UK in short term and medium-term strategy.</p> <p>UK has announced its new MFN tariff regime, the UK Global Tariff (UKGT) that will replace the EU's Common External Tariff on 1<sup>st</sup> January 2021. We are in the process of examining the changes and would send a separate report on it.</p>
2.	08 – Edible fruits and nuts; peel of citrus fruits or melons	
3.	22 – Beverages, spirits and vinegar	
4.	32 – Tanning or Dyeing Extracts	
5.	33 – Essential oils and resinoids; perfumery, cosmetic, or toilet preparations	
6.	38 – Miscellaneous chemical products	
7.	44 – Wood and articles of wood; wood charcoal	
8.	52 – Cotton	
9.	72 - Iron and steel	
10.	89 – Ships, boats and floating structures	
11.	95 – Toys, games and sports requisites; parts and accessories	
12.	47 - Pulp of wood or of other fibrous cellulosic material; waste and scrap of paper or paperboard	
13.	85 - Electrical machinery and equipment and parts thereof; sound recorders and reproducers, television image and sound recorders and reproducers, and parts and accessories of such articles. LED lamps which attract a duty of 3.7% as now would go to zero.	
14.	88 - Aircrafts, spacecraft parts thereof	
15.	76 - Aluminium and articles thereof	
16.	<p><b><u>Agri and Food Products</u></b></p> <p>The UK is a net importer of food and food products from the EU. UK produces about 25% of fruits and vegetables consumed in the country. UK imports more than 70% of its food from EU of approximately 40 billion Euros. In the recently announced UK Global Tariffs (UKGT) it has announced liberalization and reduction of tariffs in a number of these products, to be applicable from January 2021.</p> <p>In this light, a member of Agri and Food products from India could become competitive for exports to this high value market. However, they would have to comply with environmental, animal welfare and food safety standards.</p>

**On 28 October 2020, the UK, Chancellor, Rishi Sunak, and the Indian, Minister of Finance, Nirmala Sitharaman, held the 10th UK-India Economic and Financial Dialogue to build further economic ties between the two countries – The two sides agreements include:**

- A new UK-India Partnership on Infrastructure Policy and Financing which will help to open up infrastructure opportunities in India to UK commercial expertise and financing.
- Strengthening cooperation on mobilising private capital into green investment, including through a new UK-India Sustainable Finance Forum, and greening the financial system
- A fresh mandate for the industry-led India-UK Financial Partnership to explore closer financial ties in areas including FinTech

- Creating a new Financial Markets Dialogue to remove regulatory and market access barriers for UK and Indian firms
- A new partnership in Gujarat International Finance Tec (GIFT) City, India's flagship new international financial centre, which will create opportunities for UK firms
- Joint investment in research collaborations worth up to £8 million to understand the impact of Covid in South Asian populations in the UK and India

During the talks, the Chancellor championed measures to help the UK financial services industry win more business in India and welcomed the decision to allow Indian companies to list on the London Stock Exchange – the UK being one of only seven jurisdictions permitted. Ministers also agreed to explore ways to boost investment in insurance through an increase in India's foreign investment limit.

Alongside the EFD, the Chancellor addressed industry leaders at the UK-India Investing for Growth Forum hosted virtually by the City of London Corporation and the Federation of Indian Chambers of Commerce and Industry. The Chancellor highlighted the enormous potential for the UK and India to work together to drive green sustainable finance flows and generate even stronger bilateral investment.
