(e) Potential products of imports from India

S.No.	Commodity (2-digit HS tariff line)	Rationale (Max. 200 words)
1.	02 – Meat and edible meat offal	<p>These are the items in top 25 products that UK imports from the world but not in top 25 bilateral trade with India</p> <p>Therefore, it is proposed to target these products for increasing India's export to the UK in short term and medium-term strategy.</p> <p>UK has announced its new MFN tariff regime, the UK Global Tariff (UKGT) that replaced the EU's Common External Tariff on 1st January 2021. We are in the process of examining the changes and would send a separate report on it.</p>
2.	08 – Edible fruits and nuts; peel of citrus fruits or melons	
3.	22 – Beverages, spirits and vinegar	
4.	32 – Tanning or Dyeing Extracts	
5.	33 – Essential oils and resinoids; perfumery, cosmetic, or toilet preparations	
6.	38 – Miscellaneous chemical products	
7.	44 – Wood and articles of wood; wood charcoal	
8.	52 – Cotton	
9.	72 - Iron and steel	
10.	89 – Ships, boats and floating structures	
11.	95 – Toys, games and sports requisites; parts and accessories	
12.	47 - Pulp of wood or of other fibrous cellulosic material; waste and scrap of paper or paperboard	
13.	85 - Electrical machinery and equipment and parts thereof; sound recorders and reproducers, television image and sound recorders and reproducers, and parts and accessories of such articles. LED lamps, which attract a duty of 3.7% as now, would go to zero.	
14.	88 - Aircrafts, spacecraft parts thereof	
15.	76 - Aluminium and articles thereof	
16.	<p><u>Agri and Food Products</u></p> <p>The UK is a net importer of food and food products from the EU. UK produces about 25% of fruits and vegetables consumed in the country.</p> <p>UK imports more than 70% of its food from EU of approximately 40 billion Euros. In the recently announced UK Global Tariffs (UKGT) it has announced liberalization and reduction of tariffs in a number of these products, to be applicable from January 2021.</p> <p>In this light, a member of Agri and Food products from India could become competitive for exports to this high value market. However, they would have to comply with environmental, animal welfare and food safety standards.</p>

6. Important India related statements of commercial significance by political leaders, think tanks, chambers, associations etc./ Significant stories/features on India related trade, investment, services and logistic sector, published in foreign journals/ dailies etc (Max 500 words)

On 13th September 2021, International Trade Secretary Liz Truss conversed with India's Minister for Commerce and Industry Shri Piyush Goyal to discuss the scope and ambition for a UK-India free trade agreement following the close of the Department for International Trade's public consultation. Both the ministers discussed the findings from the consultation and agreed the steps to get ready to launch negotiations later this year - including the start of a series of trade working groups from September 2021. These discussions between the UK and Indian Governments will help both sides better understand each other's position on potential chapter areas in any trade deal including tariffs, standards, IP and data regulation. They also discussed the newly established Enhanced Trade Partnership, and confirmed their commitment to timely implementation of the market access package. Both ministers agreed that continuing to engage with the business community was vital throughout the forthcoming negotiations.
